Come ordinare con semplicità - *How to order with confidence*

(IT) L'area B2B Simoni Racing è stata sviluppata per supportare la rete vendita nelle attività quotidiane e per trarre il massimo da ogni opportunità.
Con l'App ed il nuovo sito internet sarà possibile accedere a tutte le informazioni aziendali in qualsiasi momento, con qualsiasi strumento e da qualsiasi luogo.

Utilizzare l'area riservata è semplicissimo, basta seguire alcuni semplici passi:
1) registrarsi al sito www.simoniracing.com cliccando l'icona nel menù in alto a destra
2) Cliccare REGISTRATI ORA
3) Selezionare "Azienda"
4) Compilare tutti i campi presenti
5) Cliccare su "Conferma registrazione"

Successivamente, accedendo all'area riservata tramite indirizzo email e password precedentemente impostate, sarà possibile effettuare diverse azioni come:
- effettuare ordini
- consultare le liste applicazioni
- consultare documenti
- consultare lo storico di acquisti/vendite

(GB) The Simoni Racing B2B area has been developed to support the sales network in daily activities and take the most of every opportunity.
With the App and the new website you can scroll the company information everytime and everywhere.
This change simplifies and automates the sales activities, with most advantages to get all at hand.

Use the reserved area is simple, just follow some steps:
1) Register at www.simoniracing.com by clicking on the icon in the menu at the top right
2) Click on SIGN IN NOW
3) Select "Company"
4) Fill in all the data fields on the form
5) Click on "Sign up" button

After, login in the reserved area using email address and password, and now, it's possible make different actions:
- place orders
- consult the application lists
- consult documents
- consult the order/sales history

Rimuovere la pellicola protettiva antigraffio trasparente - Remove the transparent anti-scratch protective film

Vantaggi del prodotto / Product Benefits:

La pellicola è applicabile a veicoli, abitazioni e spazi commerciali. Protegge dagli eccessi di calore rendendo l'ambiente più confortevole. I riflessi sono sostanzialmente ridotti e permettono una maggiore privacy anche durante il giorno.

This film can applied to vehicle, home and commercial interior. Protect from excess heat factor resulting in a more comfortable, more economical enviroment. Interior glare and fading factors are also substantially reduced, as well as providing the occupants improved daytime privacy.

Taglierino, spatola e spruzzino compresi in ogni confezione - Cutter, spatula and spray bottle included in each package

Pellicola spray removibile colorata - 400 ml
Colored removable spray film - 400 ml

Pellicola spray removibile di facile applicazione, adatta a qualsiasi superficie interna o esterna della vostra vettura. Può essere applicata ai cerchi, carrozzeria e superfici interne. Grazie alla particolare composizione chimica, forma una sottile pellicola gommosa in grado di aderire alla perfezione alla superficie trattata, si rimuove altrettanto facilmente semplicemente spellicolandola. Prodotto non corrosivo, resistente all'acqua, alle intemperie, ai lavaggi e alla corrosione. Protegge al meglio la superficie trattata da graffi e abrasioni creando un sottile strato protettivo colorato che migliora il look della vettura.

Easy and diy color spray film, not definitive paint, it can be easily removed. It can be used to paint exteriors or interiors cars and wheels. it's not only antifouling, waterproof, wear resistance and corrosion resistance but also has a good function to protect car paint and hub. After painting, the object will have the gorgeous lasting color with good texture and strong flexibility, its film can be peeled off anytime if no longer needed.

Attenzione: si consiglia l'installazione su parti metalliche a causa del calore prodotto dalla resistenza
Warning: install only on metal components to avoid damages coused by high heat production

Voltaggio - Voltage: 12-17V
Potenza in uscita - Output power: 6~48W
Amperaggio - Max current: 4Amp
Temperatura - Temperature: -40°~+80°C

DECO4

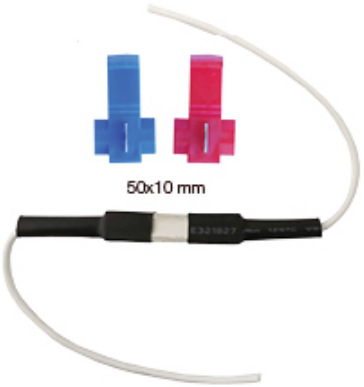

Kit 2 resistenze con decoder integrato cablate H4, eliminano i problemi di starfallio e di assorbimento
Kit 2 resistors with integrated decoder wired H4, solve flicker effect and absorption problems

Voltaggio - Voltage: 12-17V
Potenza in uscita - Output power: 6~48W
Amperaggio - Max current: 4Amp
Temperatura - Temperature: -40°~+80°C

DECO7

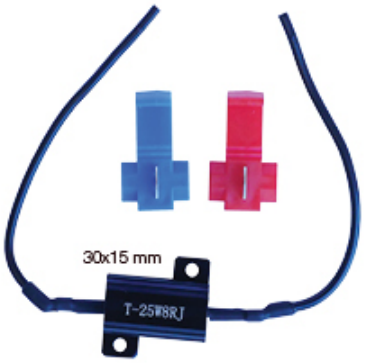

Kit 2 resistenze con decoder integrato cablate H7, eliminano i problemi di starfallio e di assorbimento
Kit 2 resistors with integrated decoder wired H7, solve flicker effect and absorption problems

Corpo in ceramica resistente al calore
Heat resistant ceramic body

10W

Warning canceller 10W - 39 Ohm 2 rubacorrente compresi / Warning canceller resistor 10W - 39 Ohm 2 t-taps inside

Consigliata per installazione **T20 led doppie filamento** su auto **FCA** / Raccomended for a correct installation of the **T20 double thread led** lights on **FCA** cars

W25

Resistenza warning canceller 25W - 8 Ohm.
2 rubacorrente inclusi nella confezione / Warning canceller resistor 25W - 8Ohm. 2 t-taps inside

50W4

Warning canceller attacco H4 con resistenza 50W - 6 Ohm / Warning canceller H4 plug with 50W - 6 Ohm resistor

50W7

Warning canceller attacco H7 con resistenza 50W - 6 Ohm / Warning canceller H7 plug with 50W - 6 Ohm resistor

LWC/10

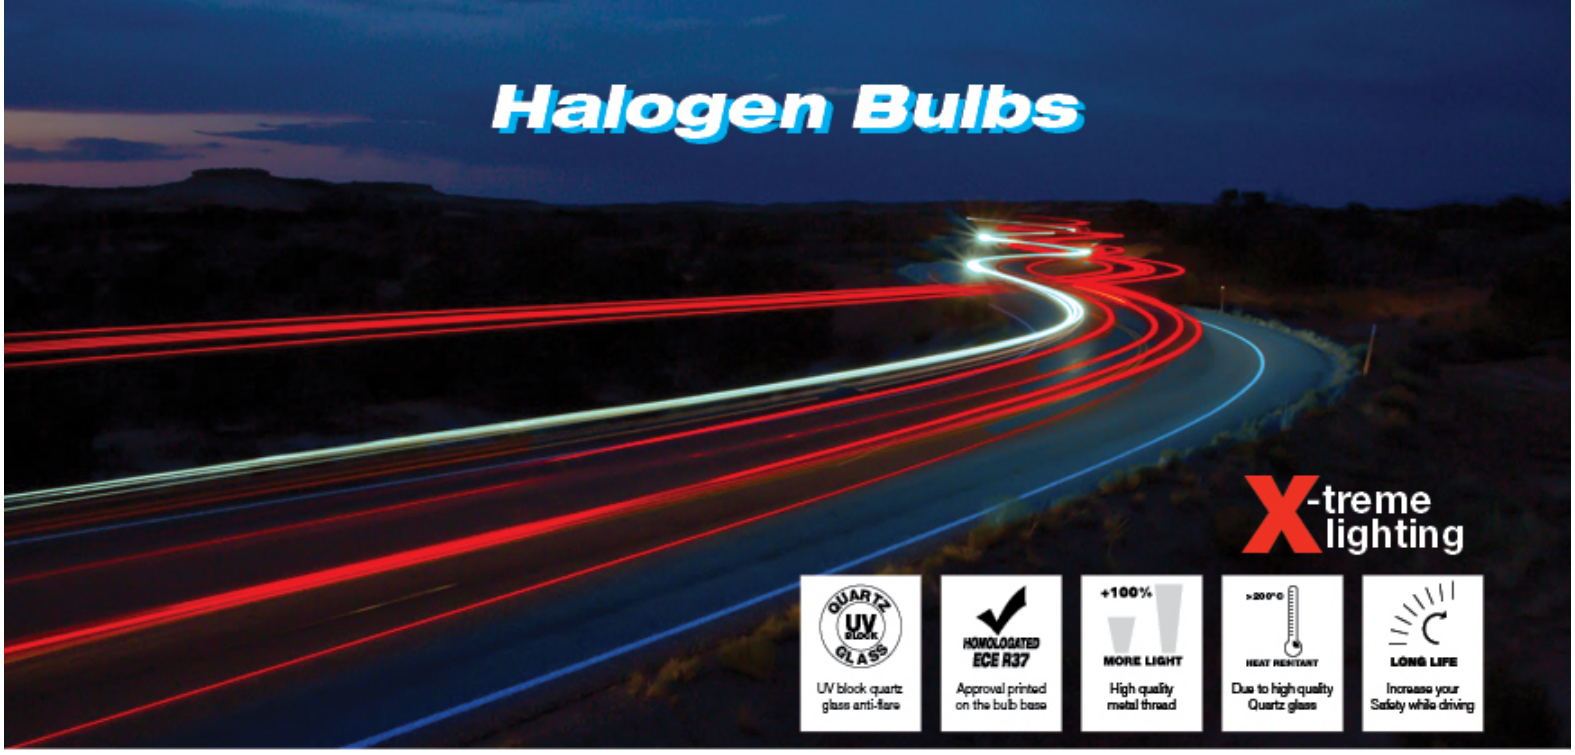

Warning canceller universale con 2 clip tagliacavi
Universal warning canceller with 2 t-taps inside

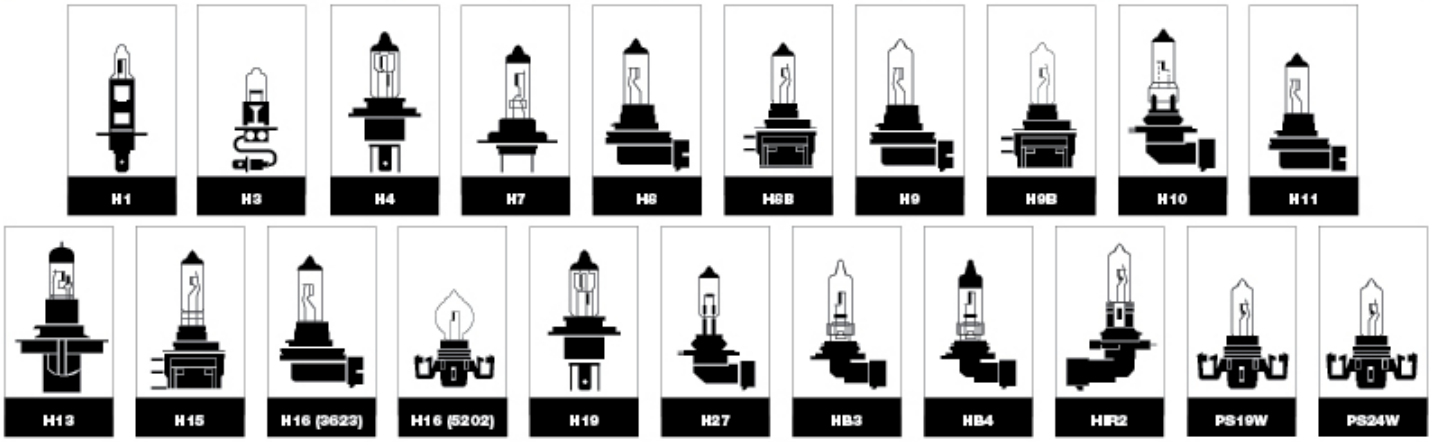

LWC/2

Kit 2 warning canceller per lampadine a led T10
Kit 2 warning canceller for led T10 bulbs

Simoni Racing presenta l'ultima generazione di kit allo xenon. Rispetto ai precedenti modelli la struttura è stata completamente ridisegnata in un design compatto e i componenti sono stati miniaturizzati per consentire una facile installazione anche nelle vetture che dispongono di uno spazio ridotto. Il ballast, di ultima generazione, del nuovo kit "Slim Canbus" misura solo 17 mm di spessore grazie a dei componenti e al warning canceller più compatti. Le lampadine in corredo al kit sono realizzate con materiali di qualità, l'utilizzo di cavi morbidi e flessibili o di basi metalliche ad elevata resistenza (H4). Per questo kit è stata posta particolare attenzione alla realizzazione di un manuale di installazione il più chiaro e completo possibile, con traduzione multilingua in Italiano, inglese, francese e spagnolo. / Simoni Racing introduces the latest generation of kit xenon. Compared to previous models, the structure is completely redesigned in a compact design and components have been miniaturized to allow an easy installation also in cars that have a small space. New generation ballast kit "Slim Canbus" measures only 17 mm thickness thanks to the new compact parts. The bulbs of the kit are manufactured with high quality materials, for example the use of soft and flexible cables or metallic bases with high resistance (H4). For this kit was taken particular attention on the creation of an installation manual as clear and complete as possible, with multilingual translation in Italian, English, French and Spanish.

Copertura turbine realizzata in fibra di Titanio. Protegge gli altri componenti vicini alla turbina. Riduce la temperatura dell'aria in aspirazione. Il kit contiene 2 molle in acciaio per il fissaggio / Turbine cover made of titanium fiber. It contains the heat produced by the turbine. Reduces the temperature of the intake air. Protects other components close from heat. The kit contains 2 steel springs for fixing.

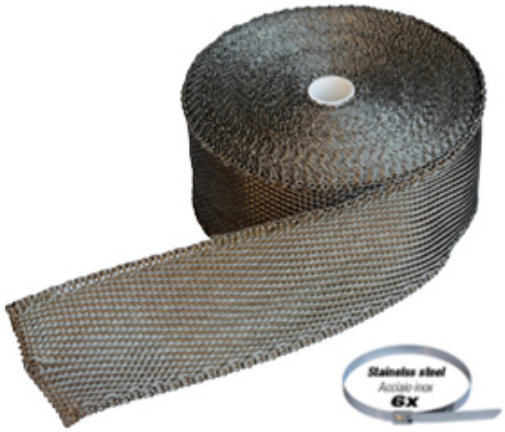

Adesivo resistente fino a 550°C
Adhesive up to 550°C heat resistant

GT1

Kit adesivo per wrapping collettori o componenti motore. Protegge dal calore emesso a contatto diretto con il componente isolato. Resistente al calore fino a 550°C.
Adhesive wrapping kit can be used on engine or pipes, up to 550°C heat resistant. Protect from direct heat produced by isolated part.
Misure - Sizes: 50 mm x 5 mt

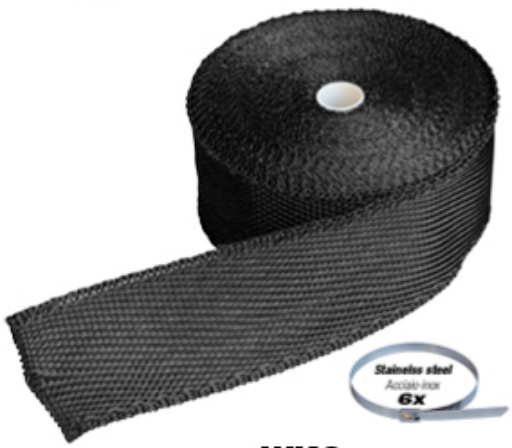

Fibra di titanio resistente fino a 1000°C
Titanium fiber up to 1000°C heat resistant

WK1

Kit in maglia in fibra di titanio per wrapping collettori o componenti motore. Contiene il calore aumentando la velocità dei flussi. Resistente al calore fino a 1000°C. Il kit contiene 6 fascette in acciaio inox autobloccanti per il fissaggio. / Engine & pipes wrapping kit made of titanium fibers mash. It contains heat increasing flow speed. 1000°C heat resistant. 6 stainless steel clamps self-locking included.
Misure - Sizes: 50,8 mm x 15,24 mt

Fibra di titanio resistente fino a 550°C
Titanium fiber up to 550°C heat resistant

WK2

Kit in maglia in fibra di vetro per wrapping collettori o componenti motore. Contiene il calore aumentando la velocità dei flussi. Resistente al calore fino a 550°C. Il kit contiene 6 fascette in acciaio inox autobloccanti per il fissaggio. / Engine & pipes wrapping kit made of glass fibers mash. It contains heat increasing flow speed. 550°C heat resistant. 6 stainless steel clamps self-locking included.
Misure - Sizes: 50,8 mm x 15,24 mt

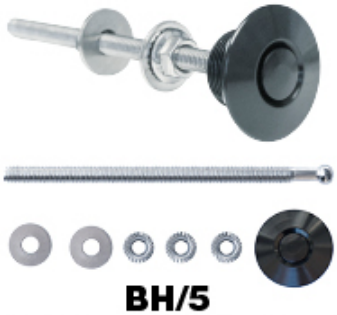

BH/3

Kit sgancio rapido cofano, composto da 2 fermi in acciaio inox, 2 molle in acciaio inox e viti / Quick release hood kit with 2 stainless steel retainers, stainless steel springs and screws.

BH/4

Kit sgancio rapido cofano, composto da 2 fermi in acciaio inox, 2 viti in acciaio inox e rivetti / Quick release hood kit, made un of 2 stainless steel retainers, 2 screws in stainless steel, rivets.

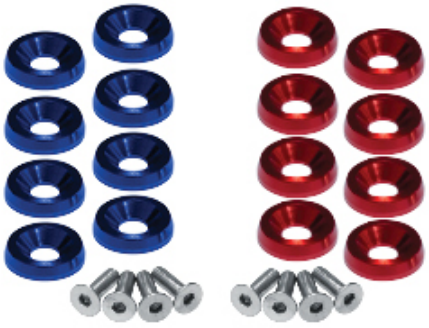

BH/5

Kit sgancio rapido paraurti, composto da 1 fermo in acciaio inox, 1 pulsante con fermo in ergal nero, rondelle e dadi autobloccanti / Bumpers quick release kit with 1 stainless steel retainer, 1 black ergal button, washer and self-locking nuts

BH/2B BH/2R

Kit sgancio rapido paraurti, composto da 4 fermi in ergal, viti in inox, rondelle e elastico ad alta resistenza / Quick release bumper kit, made up of 4 ergal holders, stainless steel screws, washers and high resistance elastic.

PAS/B PAS/R

Kit 8 viti pro allen M6 L12 e 8 spessori in ergal, sostituiscono le classiche rondelle garantendo un notevole impatto estetico. Diametro esterno 24 mm / Kit 8 pro allen screws M6 L12 with 8 ergal spacer, replace the classic washers providing a significant aesthetic impact. External diameter 24 mm

RM12 RM14 RM20

M12x1,25 M14x1,5 M20x1,5

Tappo olio magnetico in ergal, attira le particelle metalliche nell'olio motore / Ergal magnetic oil cap, attracts metal particles in the engine oil

AC1

Kit di sgancio rapido cofano. Realizzato in plastica ABS ad alta resistenza al calore ed alle sollecitazioni e in alluminio ergal rosso.Verniciabili, garantiscono la massima personalizzazione. / Quick bonnet release kit. Made of high resistance plastic ABS and red aluminum ergal . Paintables for the maximum personalization.

Fissaggio Incluso
Included fix kit

UTS UTSB UTSN UTSY UTSO UTSP UTSC

Cinghia di traino universale con staffa in acciaio inox, lunghezza 26 cm portata massima 3000 kg
Universal tow strap with stainless steel bracket, 26 cm length and 3000 kg maximum load

Staining is indicative only and may differ from product

Meccanica - Mechanical

VBO/5

Valvola Blow-Off specifica per turbo benzina
Blow-Off valve specific for gasoline turbo
Misure - Sizes: H78mm - D79mm

Meccanica - Mechanical

VBO/9

Valvola Blow-Off specifica per turbo benzina
Blow-Off valve specific for gasoline turbo
Misure - Sizes: H102mm - D90mm

Meccanica - Mechanical

VBO/7

Valvola Blow-Off specifica per turbo benzina
Blow-Off valve specific for gasoline turbo
Misure - Sizes: H93mm - D100mm

Meccanica - Mechanical
Regolabile - Adjustable

VBO/10

Valvola Blow-Off specifica per turbo benzina
Blow-Off valve specific for gasoline turbo
Misure - Sizes: H80mm - D95mm

Elettronica - Electronic

VBO/8

Valvola Blow-Off specifica per turbo diesel e TDI
Blow-Off valve specific for turbo diesel and TDI
Misure - Sizes: H70mm - D53mm

New!!

ABTC - ABTX

Kit composto da 1 rubber cap stopper (BRC) e 1 mini filtro. Da montare direttamente sulla valvola Pop-Off, permette di sfiatare esternamente e protegge la valvola / Kit consisting of 1 rubber cap stopper (BRC) and 1 carbon mini filter. To be mounted directly on the Pop-Off valve, it allows externally venting and protects the valve

Lista applicazione - Application list:
ABARTH: 500, Grande punto
ALFA ROMEO: Mito 1.4 T-Jet, 1.4 T-Jet all models

Sostituisce il filtro originale
It substitues the original filter

Incrementa notevolmente l'azione di filtraggio
Grows the filter efficiency

Filtro lavabile ad alto rendimento
Washable filter at high performance

Gomma ultraleggera di alta qualita'
High quality ultra lightweight rubber

Retina d'acciaio galvanizzata
Strong galvanised steel mesh

Garza in cotone 100% naturale a 4 strati imbevuta in olio
100% natural cotton gauze
4 layers soaked in oil

100% MADE IN ITALY

Cotone Naturale al 100% La maggior parte dei filtri aria in carta o sintetici agiscono come un elemento di superficie che può essere descritto anche come una barriera filtrante. Le impurità catturate sulla superficie del filtro in carta ostacolano il flusso d'aria in entrata poichè le aperture si ostruiscono rapidamente; il restringimento del passaggio dell'aria aumenta in modo lineare man mano che il filtro accumula sporcizia. Simoni Racing ha messo a punto un filtro aria in cotone a 4 strati che permette al motore di respirare con maggiore facilità. I nostri filtri aria ad alto rendimento utilizzano una garza costituita da strati multipli di cotone per formare un elemento filtrante tridimensionale capace di catturare le impurità che successivamente si spostano per evitare che il flusso d'aria venga ostacolato. Migliaia di fibre in cotone catturano i detriti e mantengono l'efficienza del filtro e il flusso di aria invariati nel tempo, anche in condizioni estreme di utilizzo, fino a quando si rende necessaria la semplice pulizia con kit pulizia filtri Simoni Racing e re-installazione del filtro stesso.

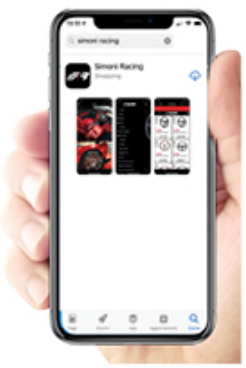

100% Natural Cotton Most of the paper or synthetic air filters act as a surface element that can be described as a barrier filter. The impurities captured on the surface of the paper filter hinder the air flow of incoming because the holes are rapidly occluded; the narrowing of the passage of air increases when the filter accumulates dirt. Simoni Racing has developed an air filter in 4-layer cotton that allows the engine to breathe more easily. Our high-efficiency air filters use a gauze made of multiple layers of cotton in order to form a three dimensional filter element that captures impurities to prevent the air flow is obstructed. Thousands of cotton fibers catch the debris and maintain filter efficiency and air flow unchanged in in the time, even under extreme conditions of use, until it becomes necessary the easy cleaning with our filter cleaning kit and re-installation of the filter.

Manitor è produttore leader nel settore dei manicotti ad uso sportivo. I prodotti Manitor sono sinonimo di qualità e affidabilità grazie ai materiali impiegati e un processo produttivo innovativo e rigoroso. Simoni Racing è particolarmente fiera di annunciare la distribuzione in esclusiva di questo marchio sul territorio Europeo. / Manitor is a leading manufacturer of hoses for sports use. Manitor products are synonymous of quality and reliability thanks to the materials and to an innovative and rigorous production process. Simoni Racing is proud to announce the exclusive distribution of this brand in Europe.

Caratteristiche:
Gomma siliconica VMQ ad alta resistenza al calore, fino a 250°C, materiale ad alta resistenza alla corrosione da liquidi, antigelo e ruggine. Altissima resistenza alla pressione, invecchiamento termico e all'indurimento. Anima di rinforzo in fibra Aramidica (Kevlar), leggera e resistente.

Features:
VMQ silicone rubber with high heat resistance, up to 250°C, material with high resistance to corrosion by liquids, antifreeze and rust. Very high resistance to pressure, thermal aging and hardening. Aramid fiber reinforcement core (Kevlar), light and resistant.

Per collettori da 2,5"
For 2,5" pipes

EV1

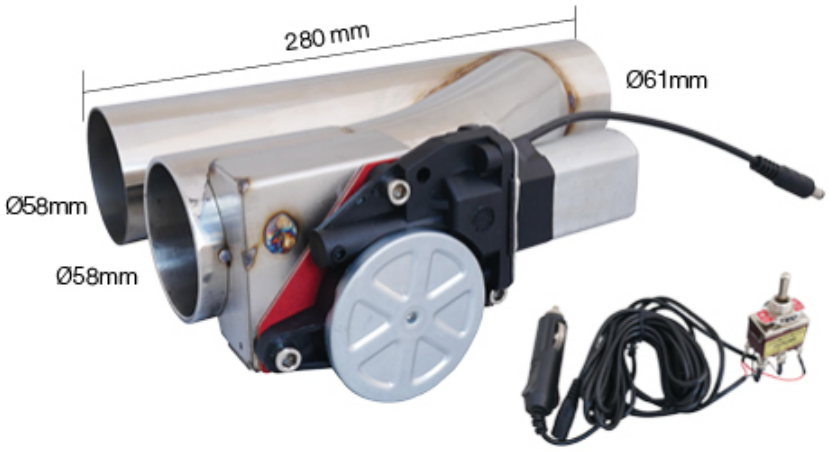

Questo kit consente una doppia tipologia di installazione. Può essere installata in modo da ridurre i decibel in uscita di uno scarico doppio o può essere installata per bypassare il silenziatore della vettura producendo così più decibel. Kit composto da valvola di apertura/chiusura scarico, guarnizioni, interruttore e viti per il montaggio / This kit allows a double type of installation. It can be installed to reduce the decibels out of a dual exhaust or it can be installed to bypass the car's muffler thus producing more decibels. Kit consisting of drain opening / closing valve, gaskets, switch and mounting screws

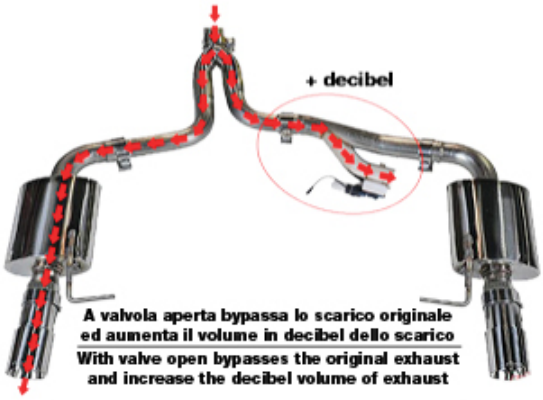

N.B. da cablare con un relè che inverta la polarità
N.B. to be wired with a relay that reverses the polarity

EV2

Dotata di elettrovalvola, gestisce il vuoto del depressore della vettura. Kit composto da centralina, elettrovalvola, tubo in silicone flessibile, cavi di collegamento e due telecomandi di controllo / Equipped with a solenoid valve, it manages the vacuum of the car depressor. Kit consisting of control unit, solenoid valve, flexible silicone hose, connection cables and two remote controls

Si consiglia l'installazione delle valvole nella parte finale dello scarico per evitare che i gas ad alte temperature brucino i componenti elettronici
We suggest to install the valves in the final part of the exhaust to prevent gases at high temperatures from burning the electronic components

A valvola aperta bypassa lo scarico originale ed aumenta il volume in decibel dello scarico
With valve open bypasses the original exhaust and increase the decibel volume of exhaust

Compatibile anche con scarico singolo
Also compatible with single exhaust

EV4

Questo kit consente l'apertura o la chiusura del collettore di scarico. E' composto da valvola di apertura/chiusura scarico, interruttore e cablaggio con alimentazione a presa accendisigari. Tubo doppio configurato ad "Y" con un passante aperto. / This kit allows the opening or closing of the exhaust manifold. Consisting of exhaust opening / closing valve, switch and wiring with cigarette lighter power supply. Double tube configured as "Y" with an open loop.

Lip splitter nero universale, fissaggio facile e veloce grazie alle viti incluse nella confezione / Universal black lip splitter, quick and easy fixing thanks to the screws included in the package

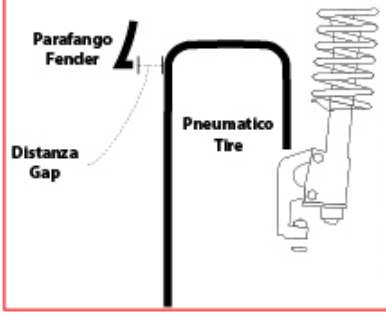

SS2

Kit composto da 2 side skirts universali in ABS nero ad alta resistenza. Possono essere installate facilmente grazie al biadesivo ad alta tenuta e alle viti in dotazione. Kit of 2 universal side skirt made high quality black ABS. They can be easily installed thanks to the high-strength double-sided adhesive and the screws supplied

Come trovare il giusto spessore - How to find the right thickness

Nella scelta del giusto distanziale per la vettura si consiglia di non superare la metà dello spazio disponibile tra ruota e parafango.

Choosing the right spacer for the car should not exceed half of the available space between the wheel and fender.

Distanziali e spessori

L'allargamento della carreggiata non migliora solamente l'aspetto estetico dell'auto, ma soprattutto la stabilità e tenuta di strada, diventando parte integrante delle soluzioni tecniche che Simoni Racing propone per rendere l'assetto dell'auto sportivo, preciso e sicuro. Con l'utilizzo del distanziale opportuno, è possibile conferire alla vettura l'aspetto e le qualità dell'auto da competizione. Ampia e completa, la gamma di bulloni Simoni Racing prevede oltre a diverse lunghezze e passi, che variano a seconda dello spessore del distanziale e del modello di autovettura, diverse soluzioni pratiche, come i bulloni antifurto. I distanziali Simoni Racing sono realizzati in alluminio Ergal 7075-0 e 7075-T6 con trattamento anticorrosione.

Wheel spacer

The track enlargement not only improves the aesthetic appearance of the car, but above all it improves stability and roadholding, becoming an integral part of the technical solutions that Simoni Racing proposes to make the car's set-up sporty, precise and safe. With the use of the appropriate spacer, it is possible to give the car the appearance and above all the qualities of the competition car. Wide and complete, the range of Simoni Racing bolts provides in addition to different lengths and steps, which vary depending on the thickness of the spacer and the car model, different practical solutions, such as the anti-theft bolts. Simoni Racing spacers are made of Ergal 7075-0 and 7075-T6 aluminum with anti-corrosion treatment.

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 40mm
Key: 17 - Pitch: 12x1,5 - Length: 40mm
Kit 6 bulloni in acciaio cromato classe 10.9
Kit 6 chrome steel hardness class 10.9 bolts

BR/12-10

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 40mm
Key: 17 - Pitch: 12x1,5 - Length: 40mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/13-10

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 60mm
Key: 17 - Pitch: 12x1,5 - Length: 60mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/14-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 60mm
Key: 17 - Pitch: 14x1,5 - Length: 60mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/15-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 45mm
Key: 17 - Pitch: 14x1,5 - Length: 45mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/15N-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 45mm
Key: 17 - Pitch: 14x1,5 - Length: 45mm
Kit 10 bulloni in acciaio zincato nero cl.d. 10.9
Kit 10 bolts in black zinc-lated steel, ha.c. 10.9

BR/16-10

Chiave: 17 - Passo: 14x1,25 - Lunghezza: 45mm
Key: 17 - Pitch: 14x1,25 - Length: 45mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/16N-10

Chiave: 17 - Passo: 14x1,25 - Lunghezza: 45mm
Key: 17 - Pitch: 14x1,25 - Length: 45mm
Kit 10 bulloni in acciaio zincato nero cl.d. 10.9
Kit 10 bolts in black zinc-lated steel, ha.c. 10.9

BR/17-10

Chiave: 17 - Passo: 14x1,25 - Lunghezza: 50mm
Key: 17 - Pitch: 14x1,25 - Length: 50mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/18-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 40mm
Key: 17 - Pitch: 14x1,5 - Length: 40mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/18N-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 40mm
Key: 17 - Pitch: 14x1,5 - Length: 40mm
Kit 10 bulloni in acciaio zincato nero cl.d. 10.9
Kit 10 bolts in black zinc-lated steel, ha.c. 10.9

BR/20-10

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 25mm
Key: 17 - Pitch: 12x1,5 - Length: 25mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/21-10

Chiave: 17 - Passo: 12x1,5 - Lunghezza: 37mm
Key: 17 - Pitch: 12x1,5 - Length: 37mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/22-10

Chiave: 19 - Passo: 14x1,5 - Lunghezza: 42mm
Key: 19 - Pitch: 14x1,5 - Length: 42mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/23-10

Chiave: 19 - Passo: 14x1,5 - Lunghezza: 53mm
Key: 19 - Pitch: 14x1,5 - Length: 53mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/24-10

Chiave: 19 - Passo: 14x1,5 - Lunghezza: 37mm
Key: 19 - Pitch: 14x1,5 - Length: 37mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/25-10

Chiave: 19 - Passo: 14x1,5 - Lunghezza: 45mm
Key: 19 - Pitch: 14x1,5 - Length: 45mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/26-10

Chiave: 17 - Passo: 12x1,25 - Lunghezza: 22mm
Key: 17 - Pitch: 12x1,25 - Length: 22mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/27-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 64mm
Key: 17 - Pitch: 14x1,5 - Length: 64mm
Kit 10 bulloni in acciaio C4C trattamento Delta Protekt
Kit 10 C4C Delta Protekt processing stainless steel bolts

BR/28-10

Chiave: 17 - Passo: 14x1,5 - Lunghezza: 60mm
Key: 17 - Pitch: 14x1,5 - Length: 60mm
Kit 10 bulloni in acciaio cromato classe 10.9
Kit 10 chrome steel hardness class 10.9 bolts

BR/30-10

Chiave: 19 - Passo: 12x1,25 - Lunghezza: 25mm

Kit 10 C4C stainless steel bolts

Bulloneria Antifurto - Antitheft Bolts

BRA/20

Chiave: 19 - Passo: 12x1,5 - Lunghezza: 25mm
Key: 19 - Pitch: 12x1,5 - Length: 25mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

BRA/30

Chiave: 19 - Passo: 12x1,25 - Lunghezza: 27mm
Key: 19 - Pitch: 12x1,25 - Length: 27mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

BRA/40

Chiave: 19 - Passo: 14x1,5 - Lunghezza: 25mm
Key: 19 - Pitch: 14x1,5 - Length: 25mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

BRA/50

Chiave: 17-19 - Passo: 12x1,5 - Lunghezza: 45mm
Key: 17-19 - Pitch: 12x1,5 - Length: 45mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

BRA/60

Chiave: 17-19 - Passo: 12x1,25 - Lunghezza: 50mm
Key: 17-19 - Pitch: 12x1,25 - Length: 50mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

BRA/70

Chiave: 17-19 - Passo: 14x1,5 - Lunghezza: 50mm
Key: 17-19 - Pitch: 14x1,5 - Length: 50mm
Kit 4 bulloni antifurto in acciaio cromato classe 10.9
Kit 4 chrome steel hardness class 10.9 anti tefth bolt

DRA/1

Chiave: 19 - Passo: 12x1,5 - Lunghezza: 17mm
Key: 19 - Pitch: 12x1,5 - Length: 17mm
Kit 4 bulloni antifurto in acciaio cromato classe 8
Kit 4 chrome steel hardness class 8 anti tefth bolt

Profilo aziendale - Company profile

Simoni Racing S.p.A. E' situata nell' Italia settentrionale, in Emilia Romagna ed esattamente in provincia di Ferrara, è stata fondata dal proprietario ed attuale presidente Simoni Filippo nel 1987; da alcuni anni ne ha preso
le redini di comando Alan Simoni unico erede e General Manager della compagnia. Alan Simoni oltre al suo attuale ruolo in azienda, in questi anni ha coltivato con successo, la passione per i motori, ereditata dagli inconfondibili
geni di famiglia ed ha collezionato un palmares invidiabile e una presenza quasi fissa sui podi di tutte le gare a cui ha partecipato. Nata come impresa a conduzione familiare, caratteristica ad oggi riconosciuta fondamentale per lo sviluppo ed il successo avuti, a ridosso dei primi anni 90, **Simoni Racing** è divenuta una delle aziende leader nel mercato degli auto accessori in Italia; una forte ed aggressiva organizzazione che a tutt'oggi vede circa 5.000 clienti seguiti in modo capillare dalla rete vendita che copre tutto il territorio nazionale, isole comprese. In questi anni la compagnia ha rafforzato in maniera indelebile e continuativa, il proprio marchio, tanto da imporsi successivamente in Europa e nel mondo, ottenendo così un incremento continuo, sia in termini di fatturato che di importanza del brand. Ad oggi i prodotti **Simoni Racing** sono conosciuti e distribuiti nei maggiori mercati Europei tramite importatori e le più prestigiose catene di negozi specializzati. La linea prodotti **Simoni Racing** è sempre in continua espansione e ad oggi vanta : **volanti, coprivolanti, pomelli, pedali, tappetini, antenne, distanziali con relativa bulloneria, assetti, filtri aria sportivi, lampadine led, lampadine alogene, copricerchi, terminali, marmitte, kit xenon** e molto altro ancora all'interno delle oltre 200 pagine del catalogo. L'obbiettivo primario della compagnia è la soddisfazione della propria clientela, che viene costantemente seguita da una rete commerciale di primo ordine ben distribuita in tutta Italia e in Europa con l' obiettivo di fornire servizio e assistenza sempre al top. Tale obiettivo è parte integrante della filosofia **Simoni Racing** che oltre a produrre articoli di prima qualità ha una cura particolare per il packaging; tutte le confezioni hanno infatti un design ricercato e riconoscibile che esalta il prodotto e lo rende inconfondibile ed inimitabile sotto tutti i punti di vista. A livello progettuale tra le caratteristiche principali della Società vi sono la flessibilità e l'allineamento rispetto alle nuove tecnologie. Elementi distintivi dovuti principalmente alla massiccia partecipazione nello staff tecnico di personale giovane e dinamico, costantemente alla ricerca per soddisfare i desideri e qualche volta "i sogni" degli appassionati. Un importante riconoscimento della forza del brand è data dalla presenza del marchio e dei prodotti nei cataloghi più importanti del settore automotive. L'immagine **Simoni Racing** inoltre fa costantemente il giro del mondo grazie alle pagine di pubblicità ed ai redazionali che ogni mese sono pubblicati sulle riviste Italiane ed Estere di maggiore importanza e alla ormai consolidata presenza nella saga
dei film di **Fast&Furious**. Da sempre gli obiettivi perseguiti sono:

- **Espandere la rete vendita in nuovi mercati**
- **Consolidare il business con gli importatori**
- **Offrire ai clienti una gamma di prodotti che si rinnova sempre insieme ad attività promozionali costanti.**

Simoni Racing S.p.A. is located in the north of Italy, was founded by the owner and current president Simoni Filippo in 1987; from some years Alan Simoni, heir only, took the reins of the company becoming general manager. Alan Simoni, in addition to his current role in the company, has successfully cultivated the passion for motors, inherited by the unmistakable family genes and has accumulated enviable records and an almost fixed presence on the podium of all the races he has participated. Created as a family-run enterprise, a feature recognized to be essential to its development and success, in the early of 1990, **Simoni Racing** has become one of the leading car accessories market in Italy; a strong and aggressive organization that till now sees about 5.000 customers followed by the sales network that cover all over the country, including the islands. In those years
the company has fortify indelibly and continuously, its brand, so to be established in Europe and in the world, thus gaining a continuous increase, both in terms of turnover and brand importance. Today **Simoni Racing** products are known and distributed in the major European markets through importers and the most prestigious chains of specialized stores. The **Simoni Racing** product's range is constantly expanding and today it boasts: **steering wheels, steering wheel covers, gear knobs, pedals, car mats, antennas, wheel spacers with bolts, trim springs, sport air filters, led bulbs, halogen bulbs, wheel covers, mufflers and tips, xenon kits** and much more within the over 200 pages of the CATALOGUE. The company 's primary goal is the satisfaction of its customers, which is constantly followed by a well - distributed commercial network in Italy and Europe with the aim of providing the best service and assistance. This goal is an integral part of the **Simoni Racing** philosophy which, in addition to producing top quality articles, has a special care for the packaging; all packs have a sophisticated and recognizable design that enhances the product and makes it inimitable under all points of view. Among the main characteristics of the company at project level we can count flexibility and adjustment to new technologies. These characteristic are mainly guaranteed by young and dynamic technical staff constantly looking to meet the wishes and sometimes the "dreams" of the fans. An important recognition of brand strength is its presence in the most important automotive catalogues. **Simoni Racing** image is also well known world wide thanks to the advertising pages and editorials that are published every months on the most important Italian and foreign magazines and the well-established presence in the **Fast & Furious** film saga. **Simoni Racing** main target in the future can be summed up as follow:

- **Expand the sales network in new markets**
- **Consolidate business with current customers**
- **Offer to customers a product's range always renewed along with constant promotional activities.**
